

IPTV Middleware iPhone ManageMyTVs Application User Guide

Version 1.0

The information presented in this document is written for the default settings of the system. The *IPTV Middleware iPhone MyTV Application User Guide* may be reformatted to fit your company needs. All screen captures used in this guide are available as individual .png or .jpg images.

This guide is a working document. The information and screen captures represented in this document may change frequently and without notice.

ManageMyTVs Application

1. To use the ManageMyTVs application, select the ManageMyTVs icon from the screen. The ManageMyTVs Sign-In screen will appear.
2. Enter your URP in the URP field.
3. Enter your username in the Username field.
4. Enter your password in the Password field.
5. Select the *Sign In* button.

Figure 1-1 ManageMyTVs Sign-In Screen

The image shows a mobile application sign-in screen. At the top, the status bar displays 'Verizon', signal strength, Wi-Fi, and the time '11:00 AM'. The main content area has a dark blue background with a light blue gradient at the bottom. It contains three white input fields: 'URL', 'Username', and 'Password'. The 'Password' field has three dots indicating a masked password. Below the fields is a blue 'Sign In' button.

Select an Action Menu

The following sections provide details for accessing the program guide, searching for a specific program, showing existing recordings or scheduled recordings and using your iPhone as a working remote control with your set top box:

- **Guide**
The Guide allows the user to view up to twelve days of guide information, which is chosen by the date and channel number. Programs may be selected within from the guide to view program information and schedule future recordings.
- **Search**
This action allows the user to search by keyword or phrase for a specific program. Search results may be selected to view program information and schedule future recordings.
- **Recordings**
All existing and scheduled recordings may be viewed within the Recordings action. Users may select a DVR from within their home and view either Current, Future and Series recordings.
- **Remote**
This action allows you to use your iPhone as a functional remote control. You may use the Up and Down arrow buttons, the Right and Left arrow buttons, OK button, Menu button, Guide button, Info button, and Exit button. The user may also enter a specific channel number to tune to.
- **More:**
 - **What's Hot**
The What's Hot app provides the user with real time information about the most popular watched programs in the user's area as well as the most popular recordings and most popular series recordings. Programs may be selected from within the What's Hot app to view program information and schedule future recordings. Users may tune their TV to a program by selecting "Watch" next to that program.
 - **Settings**
Users can customize the Guide by setting how many hours of guide information are displayed, determine sign-in information, view admin log and sign out.

Figure 1-2 ManageMyTVs Action Menu

Program Guide

1. To view the program guide data for any given channel and date, select the Guide button from the ManageMyTVs Action menu at the bottom of the app screen.

Figure 1-3 Program Guide by Channel or by Date
